

	Patent Number	Title	Innography
1	US8045767	Fingerprint image reconstruction based on motion estimate across a narrow fringerprint senso	90
2	US7212658	System for fingerprint image reconstruction based on motion estimate across a narrow fingerprint sensor	89
3	US7188110	Secure and convenient method and apparatus for storing and transmitting telephony-based data	92
4	US7765163	System and method for conducting secure transactions over a network	89
5	US8286256	Method and system for restricted biometric access to content of packaged media	91
6	US6944773	Method and apparatus for fingerprint authentication during on-line transactions	90
7	US8396262	Apparatus and method for face recognition and computer program	83
